## STARTERS

**What's The Point? (The Benefits Of Going To University)** – How will university benefit your students? We'll cover both academic and career benefits alongside discussing the personal and social advantages.

**How To Choose The Right Course And University** – We'll help your students think about what criteria they might want to consider when choosing a course and university that is right for them.

**How To Make The Most Of A UCAS Fair/ Open Day** – Preparation is key when attending UCAS fairs and university Open Days. This talk is designed to help students create a plan of action, focus their research and therefore make the most of the fair or visit.

**Life At UEA** – Ever wondered what life is like at a leading university? This presentation will reveal all – everything from what kind of academic experience students might expect at UEA, to the social opportunities available.

## MAINS

**Getting It Right First Time** – Covering all aspects of the UCAS application process (including a brief outline of personal statements) up to the point of submission and then a quick overview of what happens after. This talk is applicable to all students including those submitting for the October deadline (e.g. Oxbridge, Medicine).

**Personal Statements: Securing 5 Offers** – What are universities actually looking for? This in-depth peek into admissions criteria will help students produce a top-quality statement. Points you can expect to be covered include: structuring statements, applying to competitive courses, and top tips for making a statement stand out.

**Insider's Guide: The Truth About Student Finance** – Student finance – pretty confusing, right? Let us make it simple with this talk which outlines the funding available, both from the government and universities themselves. We'll reveal how university is not actually getting any more expensive for the student, as well as providing practical help in the form of budgeting advice.

**Making The Most Of Your Summers** – How can you make the most of your summers during sixth form and then university? We'll cover work experience, internships and many other ideas to help you fill time and boost your chances of a place.

# DESSERT

**Your Ticket To Welcome Week** – So, you've submitted your application – what happens next? Covering what happens after a student presses the submit button, results, clearing and adjustment, accommodation, preparation for moving away to university and the first few weeks of student life.

**Behind The Scenes: Life At University** – There is so much more to life as a student than lectures, pot noodles and the Union bar – this talk will provide an insight into the vast array of opportunities available whilst at uni, from joining (and running!) clubs and societies to studying abroad, as well as giving practical advice on budgeting and the like.

## Sides

**Guest Lectures** – Subject to availability, our academics can come to you and provide taster lectures in a subject of your choice. These sessions can also work to support A-level subjects!
